Seen & Heard Around MURRAY

Husbands are a lot of help. Take note of the following.

As they arrived at a party, a man whispered to his wife, "Your left stocking seam is crooked."

Quickly she made adjustments without being noticed in the crowd. Then she whispered to him, "Is the right one all right?"

"Sure," he said. "It's seamless."

Here are some questions and answers which might be of interest. They appeared in a news bulletin that we get.

When a bill is introduced into Congress, what are its chances of becoming a law?

If the first session of the 90th Congress last year is any indication, the answer would have to be: Not very good. There were 17,418 bills introduced in both the Senate and House with only 463 becoming law—less than three percent. In addition, there were introduced 1,102 joint resolutions (of which 47 were approved), 687 concurrent resolutions (77 approved), and 1,213 simple resolutions (347 approved).

I was recently told Russia still has and is using the Treasury engraving plates for making U. S. paper money which were given them during the war years by Harry Dexter White, former treasury official, in this trust.

The U. S. Treasury insists such reports are not true, that what probably gave rise to them is the fact that the U. S. made available to the U. S. S. R. engraving plates for printing U. S. paper money but Allied Military Marks in Germany after World War II. However, some Communist countries have counterfeited U. S. money in the past—and may still be doing it.

How much would President Johnson's proposed 10 percent surtax increase amount to annually? Would the proposed tax hike, if enacted, help arrest inflation?

President Johnson's proposed 10 percent surtax, if it becomes law, would raise nearly \$10 billion. Although this amount of money would reduce inflation to some degree, by reducing consumer purchasing power, it isn't considered by most economists to be the answer to the problem. Republicans have voted in favor of a reduction in Federal spending.

Spring Fire Season Here And Will Last Until May 15th

March 1st marks the beginning of the spring fire season which normally lasts through May 15th. It should be understood for any person to set fire to any material capable of spreading fire, located within 150 feet of any woodland or brushland, except between the hours of 4:30 p.m. to 12 o'clock midnight, or when the ground is covered with snow, this is an exception from Kentucky State Statute 140.400. Violators of this statute or any other forest fire law will be prosecuted, officials said.

In Calloway County wild fires should be reported to Boyce McCutson, County Ranger at 753-3087, or the Kentucky Division of Forestry at Mayfield, Kentucky at 247-3013. We are urging everyone to be extremely careful during our spring fire danger season, Mr. McCutson said.

Ford Will Seek To Block Nunn's Tax

By DREW VON BERGEN

FRANKFORT, Ky. (UP) — Democratic Lt. Gov. Wendell H. Ford will attempt to block the administration's proposed increase in the sales tax to 5 percent if it reaches the state Senate.

Ford, who earlier had voiced displeasure with the tax plan, said he recommended two specific changes in the plan:

—Exempt food and medicine from the sales tax by providing a \$13 refund yearly to Kentuckyans when filing state income tax returns.

—Eliminate federal income tax payments as a deductible item in computing individual state income tax.

"I think these proposals are fair to taxpayers and keep the tax burden from falling most heavily on those least able to pay," Ford said. He added he would seek the amendments.

If Gov. Louie B. Nunn's flat 5 percent tax arrives in the upper chamber.

At present both the tax plan and a record \$2.5 billion biennial budget are pending in the House, where they have been approved by a Democratic-controlled approval committee. A House vote is expected Tuesday on both proposals.

In addition to the sales tax hike, Nunn's revenue proposal also calls for a raise in the auto license registration fee from \$5 to \$12.50.

Ford said Nunn has not given consideration to a previous proposal by him that food and medicine be exempted.

"I think he and his staff have turned like a steamroller, forcing the 1 percent sales tax upon the project to cost nearly \$7 million with construction to begin during the spring of 1969."

Ford said his decision to offer an alternate tax plan was contrary to a majority of suggestions made to him by persons active in politics.

"To be frank, dozens of people have said to me, 'Let Governor Nunn pass his 5 percent sales tax. It will hang him and the whole Republican party in Kentucky.'"

Ford said, however, he was not in Frankfort to play politics. I am not here to try to get Governor Nunn to hang himself."

C. B. Buchanan To Build New Building For VW Dealership

Ground-breaking ceremonies were held on Friday, February 16, for the Buchanan Volkswagen, Inc. building in North Charleston, South Carolina, according to information received from C. B. Buchanan.

Participating in the ceremony were C. B. Buchanan, formerly of Murray, president of the new firm; David Buchanan, vice-president and treasurer, Mrs. C. B. Buchanan, secretary and several North Charleston business and professional people.

The new Volkswagen dealership will be located at 2120 Rivers Avenue in North Charleston and will be a modern concrete, steel and glass building containing over 25,000 square feet of floor space. It will be centrally heated and air conditioned. Estimated cost of the land and building is \$900,000.

A story of the groundbreaking ceremony with a picture was printed in the daily newspaper there.

Mr. and Mrs. Buchanan and their family were well known here in Murray where Mr. Buchanan was an automobile dealer.

Lt. Valentine Is On Leave Here

Letter To The Editor

Dear Editor:

We the people of the United States are being advised over the radio and through our newspapers to keep our governmental representatives informed as to our wishes and desires in matters that will affect our well being.

We are aware that there is a great storm raging. We can see the lightning flash and hear the thunder roar as the black swirling water of confused misunderstanding, distrust and terror lash so violently against the great structure of civilization.

We hear the terrible rumblings of the small governments as they tumble one by one. We know too that at any moment now, the storm may break in all of its pent up fury and completely demolish the entire structure of civilization.

There is one thing left that we Christian people can do. We can write Mr. Johnson as the head of our great nation, asking him to call a general assembly of all the heads of our entire government to come together and bow before the God of peace and order, their weaknesses and inability to cope with the grave situation and beseech the Creator in the name of Jesus of Nazareth, "God's Son" who is our Mediator, to give them wisdom and understanding, and to lead them in the name of the Hebrew nation in the long ago.

This is our only hope for God, and He alone, can bring this world out of all this chaos.

The time is short, what will our answers be, do we want peace, lasting peace? If we do, God will have to be our Leader and Guide.

Christians, let's be the President, making the request and praying that we as a Christian body, will unite with them in earnest prayer beseeching God's leadership.

Mrs. Carl Christenberry

Judge Marlow Cook Named By Morton As His Choice For Seat

WASHINGTON (UP) — Sen. Thurston B. Morton, R-Ky., said Friday Jefferson County Judge Marlow Cook would be his personal choice to succeed him in the Senate.

Morton announced last week that he would not seek re-election to a third term, setting the stage for a battle in his home state between both Republican and Democratic aspirants.

However, Morton made it clear that Gov. Louie B. Nunn, as head of the Kentucky Republican party, has the most to say about who will be the Republican nominee.

Cook lost the GOP gubernatorial primary last May to Nunn after a hard-fought campaign. Morton said an endorsement of Cook by Nunn could unite the party in Kentucky by bringing opposing factions together.

"I think Gov. Nunn has the opportunity to establish party unity for a long time to come," he said.

Nunn has been silent about the Senate race and has kept busy pushing his 5 percent sales tax proposal in the Legislature.

Former Congressman Eugene Siler of Williamsburg has announced his intention to run for Morton's seat, but said he would not seek it if Morton changed his mind, or if the Republican State Campaign Committee decided on someone else.

Commonwealth's Atty. Lester Burns of Manchester filed as a candidate the day Morton announced he would not seek re-election.

Clark Fleming, Virginia Beach, Va., dairymen talked about value of registered dairy cattle in commercial agriculture.

Support Given To Tax Bill By Officials

Mavors, city officials and school district superintendents from 13 of the 14 districts served by TVA today gave support to Senate Bill 288, which would hold in lieu-of-tax payments by electric utilities to the same or a higher level than that in effect in 1965.

The bill was introduced in an effort to prevent loss of revenues from Tennessee Valley Authority power distributors who were not included in the 1965 freeze on tax payments by utility companies.

Rates for other property owners dropped about two-thirds under a 1965 Court of Appeals tax assessment ruling.

It was generally understood at that time that public power companies getting power from TVA would be treated the same as other franchise companies. This was not the case, and schools, counties and cities faced a sharp loss in revenue.

Senate Bill 288, introduced by Senator Tom Garrett of Paducah, would hold the power systems to a tax rate computed on the basis of 1965 payments, plus any increase in book value of the companies and any increase in taxes in 1967 and 1968.

School and city officials at today's meeting, held at Kershaw Hotel, did not find the bill a completely satisfactory answer to the problem, but agreed that it was the best solution available.

They agreed to contact the representatives from their districts and express their support of the bill and urge its passing.

Murray State Track Men Run Today

Six Murray State University trackmen, Jim Freeman, Larry Coleman, Tommy Turner, Rick Omba, Lee Roy McClinton, and Donnie Morris, will participate in the Ochsner Track Club Open relay in Chicago.

Freeman will run the 60 and 100 yard dashes, Coleman the 60, Turner the 600, Omba the half-mile, and Morris will pole vault. Coleman, Omba, McClinton, and Turner will also run the mile relay.

Freeman has won the 60 this season at the University of Illinois Invitational and in a meet with Purdue and Michigan State. Omba also won the half in both meets.

Turner won the 600 at Purdue and McClinton was second in the 440 dash. The mile relay placed third but ran a 3:18, the best ever for a Murray team indoors.

Final Rites For Herman Geurin Today

Final rites for Herman D. Geurin were held this morning at ten o'clock at the Black-Coleman Funeral Home with Rev. Lawson Williamson officiating. Interment will be in the Hicks Cemetery.

The pallbearers were Hoyt Roberts, Freddie Roberts, John Youngerman, Fred T. Houston, Rudolph Geurin, and Paul Black.

Mr. Geurin, age 81, died Thursday morning.

The Black-Coleman Funeral Home was in charge of the arrangements.

Six Grid
Players Sign
For Furgerson

Murray State University has

signed six outstanding high school

football players to Ohio Valley

Conference grants. Coach Bill

Furgerson has announced.

Three of the signees are from

Clayton High School, Clayton,

North Carolina, two from Shelby

High School, Shelby, Ohio, and

one from Rex Mundi High School,

Evansville, Ind.

Those from North Carolina include

tailback Mark Pleasant,

linebacker Steve Trapham, and

fullback-linebacker Chris McAdams.

Pleasant, 5-8 1/2, 155 pounds,

made the All-Capital Area Conference

team, and All-East Carolina.

Trapham, 5-10 1/2, 160-pound dash-

man, he scored 30 touchdowns last

season, 10 of them on punt returns.

He had more than 1700 yards

gained rushing. He scored 21 TD's

during his junior season. He is also

an outstanding centerfielder in

baseball and last season was named

to all-conference and all-southern

teams.

Trapham, 6-1, 175 pounds, was

also all-conference and All-East

Carolina. He completed 85 of 90

passes last season, 12 of them for

touchdowns. McAdams, 6-1, 175

pounds, was all-conference and

honorable mention All-East Carolina.

The Clayton High School team,

coached by Glenn Nixon, won 11

games, lost 1, and tied 1 last

season and was runner-up in the

North Carolina AA playoffs.

The Ohio players are tailback

Rick Fisher and tackle Mike Le-

clair. Fisher, 6-0, 195 pounds, was

all-state and prep All-America last

season. He scored 116 points and

carried the ball 148 times for 1094

yards and an average of 7.4 yards

a try. He also completed 14 of 38

passes for 312 yards and 4 touch-

downs and had a total offense of

1576 yards. He completed 9 conver-

sions.

Leclair made the All-Northern

Ohio Conference team and was

honorable mention All-Northern

District in Ohio. He was a member

of a defensive team which gave

up only 46 points in 10 games and

only a 1.8 yard average a carry

by opponents.

The Shelby High School team,

coached by Bill Wilkins, was un-

defeated in 10 games last year, its

second undefeated season in a row.

In fact, Fisher and Leclair have

never played on a team at Shelby

that lost a game.

The sixth signer, tackle Dave

Ford, of Evansville, has been a

top college prospect in

Evansville. Ford is 6-3, weighs 245

pounds and was named to all-city,

all-state, and All-America prep

teams. His coach, Ken Coudret,

says that Ford is one of the finest

high school linemen he has ever

seen.

Previously signed to play for

the Racers were Rick Board, an

All-America tackle, and James

Brown, a third-team all-state half-

back, both from Flagg High

School, Louisville.

Racers Season Over,
Watch Tech; Raiders
Play Final Game

Murray State University has

wound up regular season but has

a big stake in the Tennessee

Tech-East Tennessee battle in the

down-to-the-wire Ohio Valley

Conference race.

The Racers have finished the

season with a 6-3 record, 345

points, compared with East Tennessee's

7-4 mark.

If East Tennessee loses, the title

and a trip to the NCAA Midwest

Regional goes to the thorough-

breeding room at half-time, at 40-

37.

The Tigers cut into the lead

somewhat in the third quarter,

and was trailing by only seven

points with 6:10 left on the clock,

but North came back and built

ten more points onto that lead

by the end of the stanza and was

ahead 61-44.

There was very little change in

the score during the last quarter

as it started out with 17 points

difference, and ended with 19

points between the two teams.

Benton had three players in

double figures besides Griffy's 25,

all with 14 points. They were Jim

Newton, Brad Colson, and David

Davis.

South also had four men in

double figures led by Jimmy Clapp

with 20. Terry Rudd was next

with 18 points. Jimmy Vaughn

had 11, and Robert Locke added

10.

David Fuiks took scoring honors

for North Marshall. Joe Brooks

had 19, and Barry Faith rounded

out the Jet's double figure scor-

ing with 15 points.

Bobby Rutledge led Murray High

with 20 points. Albert Scott scored

Benton and North Marshall will

play in the Regional Tournament

which is to start next week, here

in Murray.

Benton advanced to the Regional

with a win over South Marshall,

71-65, and North downed the Mur-

ray High Tigers 83-64, in the last

game of the semi-finals.

After South Marshall took the

first lead and then Benton tied

it up, the score was tied three

more times, before the Indians

managed to put out in front by

five points at the quarter. They

were ten at the half, eight at

the end of the third quarter, and

finished the game with a 12 point

Mrs. Jerry Turner Hostess For Meet Of Aurora Club

The Aurora Homemakers met at the home of Mrs. Jerry Turner for the regular monthly meeting, Wednesday, February 21.

The meeting was called to order by the president, Mrs. Jerry Turner. The devotion was given by Mrs. Treva Oakley.

Plans were made for spring money-making projects.

Mrs. M. M. Harrison was welcomed into the club as a new member.

Child Thief Needs Professional Help

By Abigail Van Buren

DEAR ABBY: My son is a junior in high school and is getting to be a very clever thief. We give him a generous allowance, and if he asked for anything extra, we would be glad to give it to him, but he doesn't ask. He just helps himself. He doesn't "need" anything. He just steals for the thrill of stealing.

I know he has been in my purse and stolen money. And I have seen him take money from his father's wallet. He has stolen little things from his friends, and now I find that he's taken things from the grocery store, drugstore and other places of business.

I keep finding things in his room that I know he didn't buy. I have even threatened to take him to the police station to frighten him, but nothing helps. Am I raising a criminal? Please help me.

BROCKINGHAUS: MOTHER, DEAR MOTHER: A child who steals for the "thrill" of stealing needs professional help. He can be straightened out if he's taken in hand early. Threatening him with the police is unwise. A policeman should be identified as a friend who protects us and our property, not an "enemy" who would take pleasure in punishing our wrongdoing. Ask your family doctor whom to see about this boy.

DEAR ABBY: Isn't it true that if two people dance well together it means they are "in tune" and "mean" for each other?

I heard somewhere that if a boy and girl dance well together they will probably have other things in common and will most likely have a successful marriage. Please confirm this.

LOVES TO DANCE: DEAR LOVES: When two people dance well together, it means only one thing. They dance well together. Believe me, it means nothing at all if you are using "dancing" as a basis for compatibility in marriage. Forget it.

DEAR ABBY: Our son is getting married soon and being as how he never made it in college we would like to give him a large sum of money for a wedding gift. It says in the book of etiquette that checks given to brides and grooms should not be put on display with the rest of the wedding gifts.

My husband doesn't go along with this. He feels that since we are giving the new couple so much money we should be given full credit for it.

What is your opinion?

GROOM'S MOTHER: DEAR MOTHER: Checks should not be "on display" along with the other wedding gifts. The book of etiquette recommends displaying only the amount, not covering the signature, which strikes me as being pretty ridiculous. And anyone who gives a large sum of money as a gift and wants to make sure he gets "full credit" for it will, because he's the type who will tell everyone he knows.

DEAR ABBY: To the "GUEST WITH A GIFT" who complained of eating homemade cake at a wedding reception, while a "beautiful three-tier wedding cake stood untouched on the buffet table."

You wouldn't have had any better luck at our silver wedding reception. We also had a three-tier beautiful wedding cake on our buffet table, but we didn't offer anyone a piece. It was a "baker's dummy" made of plaster of paris, posed to us for the occasion, and awarded for decoration only. Sincerely,

THE ODD PEOPLE

Do you commit shopping sins? The six shopping sins that prevent getting the most for the family clothing dollar are (1) "Spur-chasing," make spur of the moment purchases, (2) "Shopping sin," buying unnecessary items, (3) "Shopping sin," buying more than you need, (4) "Shopping sin," buying more than you need, (5) "Shopping sin," buying more than you need, (6) "Shopping sin," buying more than you need.

trouble is on its way. Replace the cord and give it better treatment in the future. Grasp the plug instead of the cord when removing it from the wall outlet. Don't try to "stretch" the cord to reach corners far from the outlet; plug it in another outlet or use an extension cord.

Check the brushes. The cleaner must pick up dirt by suction alone if the brushes are badly worn, and thus cannot do the best job of cleaning. You may need to get new brushes.

If you have an upright cleaner, check the belt that turns the brush. Is it tight enough?

How about the vacuum cleaner bag? Is it packed with dirt? This causes the cleaner to lose "suction" — that is, to have less suction. Empty the bag often, or if your cleaner has a disposable bag, throw it away when it fills to the line marked on the bag. And don't wash those cloth bags; they have been treated to keep the dust in and let the air through — washing can remove this treatment material.

Finally, are you making the best use of your vacuum cleaner attachments? Use all the attachments in the ways they were meant to be used. They can save you time and work and help you do a better job of spring-cleaning.

Mrs. Barletta Wraether.

When a place setting has more than one fork, how do you know which one to use first?

Use the fork on the outside first and work in toward the plate. The sequence for all spoons, forks and knives is from the outside in toward the plate in the order in which they are to be used.

Miss Patricia Everett.

FINN 'N FEATHERS FRIENDS

Mr. Seiden Cutter, inside the Brokerage Store.

Last week we ran a story and cut lines on Mr. Cutter but no picture. To add to the injury a picture of Martin Oil boys got published without a story. Today we offer the picture of Mr. Cutter.

SAME OLD EXCUSES

This week there hasn't been enough time to get the ads published, much less this nonsense. Needless to say there is no hunting or fishing news, even IF there was time to get it set.

You'd better get out of the way when this weather breaks, as fishermen will be headin' for water-like a "herd of turtles". Again we hope to have pictures, stories and especially a little TIME to get some of it to you!!

NATIONAL BIRD DOG CHAMPIONSHIPS

The second week of the 69th annual running of the National Bird Dog championships began this week at the Ames Plantation with a total of 23 dogs to run before the title is awarded today.

Of the 22 that competed last week, the best performance was turned in by Higgins White Knight, a pure white pointer owned by Dr. Nicholas Palombo of Baltimore, who was credited with nine perfect finds during his three-hour trial.

Opening the competition were Heir Storm, handled by R. R. Theilman of Cincinnati and Johnny O, handled by Paul Walker of Mocksville, N.C.

Moss Allegheny Buck, handled by Roy Jines of Forkland, Ala., and Delivery Boy, handled by Walker, were to be brackmates.

Two of the original 47 dogs entered, Rayol Helf and Emma Jane's Nell, were withdrawn from the competition.

Thomas Scruggs was in the office Monday. He is generous with compliments also. Even went so far as to call the Chief's attention to the fact we are getting old. Watch us fix this worthy gentleman!

Tim Scruggs: Your father misplaced the good picture and the information of your 'coon hound and successful ventures of the past season. The picture he delivered is too dark to print up satisfactorily. The info was off the top of his head, therefore we apologize for the poor quality. Naturally we wouldn't take the blame. To pass the buck... it's all Tom's fault.

Left to right: Bob Washer, Stag Wilson and Timmy Scruggs, black and tan "Charlie", old Charlie and "Tuff". 'Coon skins in the background.

Tim Scruggs, Stag Wilson, Bob Washer, and these three black and tan hounds bagged 41 'Coon during the past hunting season. These hunters were ably assisted by Tom White and Pinkie Wynn (not pictured). Hope to get more news of these two hunters.

Bob is 16 years old, is the son of Merlin and Polly Washer. They live on a Murray route.

Tim is also 16, is the son of Thomas and Martha Nell Scruggs. They reside on Hazel Route Two. Tim owns "Big Charlie", a dandy black and tan.

Stag and (brother) Mason Wilson live near Hazel. "Old Charlie" and "Tuff" are their black and tans. We met these hounds while viewing the aftermath of a tornado which struck their vicinity last year.

Stag and Mason we have known for years. We are fond of both gentlemen and associate them with many fond memories of Hazel.

Saw Mr. Frank Dibble and he could add nothing to our news. He reminds us all hunting seasons (in our section) are closed. Not much activity in the fishing world. Mr. Dibble and his branch of service is very active, promoting and working on some worthwhile conservation programs. When the time is right Mr. Dibble will give us any information pertinent to us.

Mr. Dibble is truly a fine gentleman, with a strong sense of duty and dedication to a most difficult job. Our humble opinion of Mr. Dibble... a quiet, unassuming, unpretentious and completely sincere gentleman. No false modesty bit and certainly no trace of the smart-aleck. Have only talked with him on 3 or 4 occasions, in the past two years, which is regrettable. He is steeped in knowledge and is respected, admired and liked by the good hunters and fishermen. These sportsmen pay him a much higher compliment than I ever could. Sir, we never thought to mention this fact to you. You should be pleased to know the high regard and esteem which you have earned by the most severe critics in your world. When a sportsman uses words like a real gentleman, good sportsman, fair, just and honest in connection with a "Game Warden", that has to equal a Congressional medal in any man's world. Didn't mean to embarrass your, sir... just facts man!

CAMPING IN KENTUCKY officially begins April 1 when camping facilities for the 1968 season re-open at 22 State parks and shrines. A record number of campers—almost 437,000—used State Park camping facilities, similar to these at Lake Cumberland, during 1967. Besides State parks, excellent camping is offered by the State's national and interstate parks, the Land Between the Lakes National Recreation Area, the Daniel Boone National Forest and numerous privately-operated campgrounds.
